ABOUT THE FRIENDS

The *Friends of Winton Wetlands* were established in 2013. They seek to support the development of the Wetlands by being involved in activities which increase members' awareness and knowledge of both the wetlands and the surrounding woodland areas.

Projects undertaken address the restoration of the wetlands and promote them within the local community and more broadly.

Friends of Winton Wetlands meetings and events are held on a regular basis.

The Friends of Winton Wetlands acknowledges the contribution members make by donating their time and skills in support of the wetlands and invite you to join us.
